KnowRoaming selected as a Tangoe partner for roaming solutions

TORONTO, Ontario — September 22, 2016 — KnowRoaming, a global connectivity company, and Tangoe (NASDAQ: TNGO), a leading global provider of IT and Telecom Expense Management (TEM) software and services, today announced their partnership that will provide Tangoe’s enterprise clients with cost-effective, international roaming solutions from KnowRoaming. Tangoe clients have the option to choose between three of KnowRoaming’s innovative products—the Global SIM Sticker, the Global SIM Card, and the Global Hotspot.

“Businesses don’t have to suffer from the unpredictability and high cost of international roaming fees. KnowRoaming and Tangoe share a commitment to reduce mobile costs for businesses while providing high quality service,” said Gregory Gundelfinger, KnowRoaming CEO. “It’s a privilege to provide Tangoe customers with our powerful alternatives to stay connected worldwide, for less.”

“Roaming expenses are notoriously difficult to track and plan. KnowRoaming’s solutions for seamless connectivity not only address this roaming challenge, but also they significantly reduce costs,” said Jim Foy, CEO, Tangoe. “We’re delighted to have KnowRoaming as a partner for roaming solutions.”

Once equipped with KnowRoaming’s products, Tangoe clients can stay connected while abroad without incurring exorbitant roaming fees while alleviating the security risks associated with using public Wi-Fi networks. All KnowRoaming products connect devices to local networks in foreign countries where customers can take advantage of low roaming rates, due to KnowRoaming’s access to agreements with networks worldwide.

KnowRoaming simplifies how businesses budget and manage their roaming costs with low cost unlimited data packages in 90+ countries, in addition to some of the lowest pay-as-you-go roaming rates for voice, data and SMS available—up to 85% lower than traditional carriers in 200+ countries and territories. All usage and costs are displayed in real-time, and accounts are easily managed through a cloud-based portal.

Tangoe manages over \$34.2 billion in communications expenses, making them a leading global provider of IT expense management software and services to global enterprises and service providers.
